 - Located on The Ohio State University campus, steps away from Ohio Stadium
 - Walking Accessibility to central Campus for Bridal Party Photography
 - Close proximity to Short North, Arena District and Downtown Columbus

Justine Tuhy Photography

A Note from our Executive Chef, Daniel Heckathorn

"I can think of no time or event where two people deserve more thought and care than a couple on their wedding day. This belief speaks to the heart of my wedding philosophy. When your day arrives, you will remember every detail for the rest of your lives. That is a responsibility I am honored to take on if you will allow me to do so.

My team and I will create a menu not only memorable and delicious for your most cherished friends and family, but one you will have a deeper connection to and reminisce about for years to come. Your wedding menu will be written just for you to reflect not only food you will enjoy, but to tell your story and reflect your personality and style.

An element of your menu may remind you of your first date or engagement. Parts may reflect your family, favorite food or cuisine, wedding theme, favorite cocktail or wedding colors. These are a few examples of the devices we use to provide a deeper level of service to our wedding couples.

I hope you let us share in your special day. I wish you all the happiness in the world as you embark on your great adventure."
